Policy Details

Policy in relation to student’s request to defer or suspend studies

1. It is **extremely important** that students advise AIE of their intention to defer or suspend their studies as soon as possible. If AIE has not heard from a student after a break, and cannot contact the student, AIE will assume that the student has voluntarily cancelled their enrolment and report the student to DIAC through PRISMS as required by the ESOS Act (after following correct procedures to inform the student). This action is likely to result in the student’s visa being cancelled.

2. AIE will only allow overseas students to defer or suspend their studies where:
   - the student has made an application using the “Defer, Suspend or Cancel Studies form” to defer or suspend their studies (either by telephone in urgent cases or in writing), and
   - there is compassionate or compelling circumstances necessitating the student to defer or suspend their studies.

3. An application to defer or suspend studies should be made to AIE in writing using the “Defer, Suspend or Cancel Studies form”; but under exceptional and urgent circumstances such as sudden illness or accident to the student or close relative, applications may be considered by telephone.

4. Compassionate and compelling circumstances may include but not be limited to:
   - serious illness or injury, where a medical certificate states that the student was unable to attend classes
   - bereavement of close family members such as parents or grandparents (where possible a death certificate should be provided)
   - major political upheaval or natural disaster in the home country requiring emergency travel and this has impacted on the student’s studies, or
   - a traumatic experience which could include involvement in, or witnessing of a serious accident; or witnessing or being the victim of a serious crime and this has impacted on the student (these cases should be supported by police or psychologists’ reports).
5. AIE will assess an application to defer or suspend studies according to the procedures described below and provide written advice to students about the outcome of their application within 7 days.

6. If an application to suspend or defer enrolment is granted, the AIE will inform DIAC via prisms within 35 days of making this decision, allowing the student to appeal.

7. Students will be warned that deferring or suspending their studies may affect their visa in the written letter of advice regarding their application.

Policy in relation to AIE initiated suspension or cancellation of enrolment

1. AIE will suspend and/or cancel the enrolment of an overseas student on the grounds of:
   - Proven misbehaviour including but not limited to bullying or otherwise threatening other students or persons, drug possession, stealing and other criminal activities,
   - Inappropriate academic conduct including but not limited to cheating and plagiarism. This includes failure by the student to engage in an agreed intervention strategy for the purposes of ensuring the student meets satisfactory course progress requirements.
   - Non-payment of fees.

2. All parties involved will be protected by privacy laws but necessary government official and agencies will be informed as allowed through the ESOS legislated framework.

3. All incidents will be actioned as a priority until resolved.

4. The student will be issued with two written warnings prior to a formal letter of intention to cancel their enrolment being forwarded in relation to any proposed action.

5. While the matter is being investigated and/or the student is exercising their right to appeal, the student’s enrolment will be maintained.

6. If the student’s behaviour is deemed to be disruptive or dangerous to other students, alternative studies options will be offered to the student while any complaints or appeals process is in process.
